

## RoundSqr Commemorates First Anniversary with Annual Day Celebrations

A day to celebrate past achievements, revel in camaraderie, and get ready for the journey ahead.

---

HYDERABAD; Dec. 30, 2019 - RoundSqr, a data / analytics / blockchain solutions company, recently celebrated its first anniversary and marked the occasion with an annual day event at Celebrity Resorts, Hyderabad.

Speaking about the journey thus far, **Kiran Kumar Kuchimanchi**, Co-founder & CEO said "*On the eve of our first anniversary celebrations, I would like to thank each and every individual that helped the company reach this stage. Our formative year has seen us grow from strength to strength – we are now over 50 people strong, have invested in building a state-of-the-art Sales capability in the US, have clients across the globe and, arguably, some of the best talent in the data / AI/ML / Blockchain areas.*"

He added, "*We are building a brand that is recognized for challenging the status quo and for solving some of the most complex problems that our customers have. #herAIstory is being recognized as the platform for sharing cutting-edge happenings in the AI/ML space and continues to spark interest from industry peers. Next year will see a rapid expansion of our client base, especially in the US. We will invest in building Sales capability across Europe and Australia. We are also putting together a plan to monetize IP that we are building across two areas (more on this in subsequent communications).*"

He further added, "*Over the last few days, leading up to our annual day, I had the opportunity to spend time with more of you – you are now friends and family, rather than just people sharing workspace!*"

The day took off on an exciting note with outdoor activities and sports, followed by an array of cultural events where employees across the organization gave impeccable performances through song and dance performances, roleplays, skits, etc.

*"The Anniversary celebrations began quite early for all of us. Every employee actively took part in organizing as well as participating in fun activities, every day for two weeks, leading up to the actual event. The pleasant venue, the creative programs, and the energetic participation added to the gaiety and the spirit of celebrations. Occasions like these not only strengthen and deepen the bonding between the employees but also bring home the point that life is full of reasons to celebrate"* said **Mahalakshmi Boddu**, HR Executive.

### About RoundSqr:

Founded in 2018, RoundSqr is a digital company (Data, Analytics [AI / ML / CV], Blockchain). We help Businesses define problems and solve them using emerging technologies, typically in the areas of customer engagement, employee empowerment and operational efficiencies. *We are your **DIGITAL PITSTOP**, providing you with the right support, at the right time, quickly, to let you drive your business better and faster.*

The name RoundSqr (round pegs in square holes) defines our approach, where we try to see things differently and are uncomfortable with status quo; both essential qualities for a transformative journey. In just a year, the

company has grown to over 50 employees, with 17 global clients and 3 offices. For more information, visit [www.roundsqr.com](http://www.roundsqr.com)
